Project 3 Proposal

Is New South Wales heading towards net zero emissions?

Keerthi, Henry, Barani, Cassie, Sandhalie

Questions to be answered:

Which sectors are performing the best in terms of reducing carbon emissions?

Which sectors needs more funding to be able to reduce carbon emissions?

Limitations - In NSW what are the external factors that contributes to each type of emission?

● Dataset and Metadata

Dataset: https://datasets.seed.nsw.gov.au/dataset/cc0ac162-0257-40d7-afe9-c93bbcd8884f/resource/fbbafe30-e254-4d9a-816b-7bcba989bf97/download/nsw_regional_and_local_ghg_emissions_v2021_20220812.xlsx
